

Adjacency matrix of \mathcal{G} - Density = 20%
Reordered based on the Schaefer's atlas

Adjacency matrix of \mathcal{G} - Density = 20%
Clustered and reordered based on the Spectral clustering outcome
Modularity = 0.201

Adjacency matrix of \mathcal{G} - Density = 20%
Clustered and reordered based on the DANMF-based clustering outcome
Modularity = 0.210
