

Adjacency matrix of \mathcal{G} - Density = 20
Reordered based on the Schaefer's atlas

Adjacency matrix of \mathcal{G} - Density = 20
Clustered and reordered based on the spectral clustering outcome
Modularity = 0.199

Adjacency matrix of \mathcal{G} - Density = 20
Clustered and reordered based on the DANMF-based clustering outcome
Modularity = 0.205
